Re: Tariff Increase

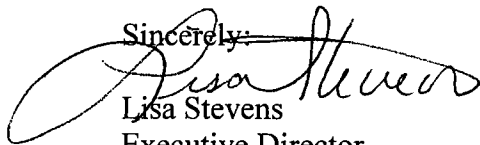

To Whom It May Concern:

Attached please find South Carolina Tariff # 6 which we are presenting before the Public Service Commission for review and approval and that will replace South Carolina Tariff #5. This new tariff represents an overall increase in our packing schedules and base Transportation rates while also offering clarification points throughout the tariff. We have also adjusted the Fuel Matrix to make it more consumer oriented. We have felt the need to request these increases due to our operating costs significantly increasing over the past few years.

Should any questions exist please feel free to contact Bill Turrentine III, President of the South Carolina Tariff Bureau, at 864-444-0098.

Thank you in advance for your time and consideration.

Sincerely:

Lisa Stevens

- b. The rates shown herein are reduced rates conditions upon the use of the Uniform Household Goods Bill of Lading, and in lieu thereof to have the carrier transport and property with carrier's liability limited only as provided by common law and by the laws of the United States and the several states insofar as they apply, but subject to the terms and conditions of the Uniform Household Goods Bill of lading insofar as they apply, but subject to the terms and the conditions are not inconsistent with such common carrier's liability; the rate charged therefore will be one hundred (100%) percent higher than the transportation rate contained in this tariff as would apply for such shipment if offered for transportation by a released value not exceeding SIXTY cents (.60)per pound per article. When the consignor elects not to accept any of the terms of such bill of lading he must give notice to the initial carrier of such election. The initial carrier must indicate the receipt of such notice by writing or stamping thereon a clause signed by the carrier reading: "In consideration of the higher rate charges, the property herein described will be carried and the services to be rendered hereunder will be performed, with the carrier's liability limited only as provided by law; but subject to the terms and conditions of this Bill of Lading insofar as they are not inconsistent with such common carrier's liability.

- d. The agreed or declared value shall be deemed to relate to all services undertaken by the carrier for its agents and to each article separately and not to the shipment as a whole, and such agreed and declared value must be entered on the Bill of Lading in the following form:

THE AGREED OR DECLARED VALUE OF THE PROPERTY IS HEREBY SPECIFICALLY STATE BY THE SHIPPER TO BE NOT EXCEEDING \$_____ PER POUNDS PER ARTICLE.

The gross weight, tare weight, and net weight, or the constructive weight, shall be shown on the Bill of Lading and Freight Bill.

Rule 27 RE-WEIGHING AND NOTIFICATION OF CHARGE EXPENSE

The carrier, upon request of shipper may, prior to the delivery and when practical to do so, re-weigh the shipment. The charge for re-weighing, if applicable, shall be \$125.00. If the net re-weigh is at least 120 (one hundred twenty) pounds less than the initial net weight, the re-weigh shall be used for determining applicable rates and charges and the re-weigh charge will not apply.

Rule 28 SERVICING SPECIAL ARTICLES

1. The transportation rates in this tariff do not include servicing or de-servicing articles or appliances such as refrigerators, deep freezers, cabinets, radios, non-plasma televisions, non front loading washing machines, television sets, air conditioners, and the like, which if not properly serviced, may be damaged in, or incident to, transit; nor is liability assumed for any such damage unless said articles or appliances are serviced and de-serviced as provided in (a) or (b) below.
 - a. Upon request of shipper, owner or consignee of the goods, carrier will subject to (b) below, service such articles and appliances at origin for the additional charge of **\$25.00** per first unit; service and/or de-service each additional unit at a charge of **\$17.50**; and will de-service such articles and appliances at destination for the additional charge of **\$17.50** per unit. Such servicing and de-servicing does not include removal or installation of articles secured to the premises; or plumbing, electrical or carpentry services necessary to disconnect, remove, connect and install such articles and appliances.
 - b. If carrier does not possess the qualified personnel to properly service and de-service articles or appliances, carrier will upon request of shipper, owner, or consignee and as agent for them, engage third persons to perform the servicing and de-servicing. When third persons are engaged by the carrier to perform any service, the carrier will not assume responsibility for their activities or conduct, amount of their charges, nor the quality or quantity of service furnished.
 - c. All charges of the third persons must be paid by the shipper, and are in addition to all other charges in this tariff. Such charges will be advanced by the carrier, and billed as an advanced charge.

Rule 29 IMPRACTICAL PICK-UP OR DELIVERY AND AUXILIARY SERVICES

- a. It is the responsibility of the shipper to make shipment accessible to carrier or accept delivery from carrier at a point at which the road haul vehicle may be safely operated.
- b. When it is physically impossible for carrier to perform pick-up of shipment at origin address or to complete delivery of shipment at destination address with normally assigned road haul equipment, due to the structure of the building, its inaccessibility by highway, inadequate or unsafe public or private road, overhead obstructions, narrow gates, sharp turns, trees, shrubbery, the deterioration of roadway due to rain, flood, snow, or nature of an article or articles included in the shipment, the carrier shall hold itself available at point of pick-up or tender delivery at destination at the nearest point of

approach to the desired location where the road haul equipment can be made safely accessible.

- c. Upon request of the shipper, consignee or owner of the goods, the carrier will use or engage smaller equipment than its normal road haul equipment or provide extra labor for the purpose, if possible of accomplishment, or transferring the shipment between the residence and the nearest point of approach by the carrier's road haul equipment. Charges for this auxiliary service to cover labor and additional vehicle (if used) will be as provided in Item 130, 135 and 150 and shall be in addition to all other transportation or accessorial charges.
- d. If the shipper does not accept the shipment at nearest point of safe approach by carrier's road haul equipment to the destination address, the carrier may place the shipment, or any part thereof not reasonably possible for delivery, in storage at the nearest available warehouse of the warehouse of the carrier, or, at the option of the carrier, in a public warehouse, subject to a lien for all lawful charges. The liability on the part of the carrier will cease when the shipment shall be considered as having been delivered.
- e. Transportation charges to cover the movement of shipment or part thereof from point which it was originally tendered to warehouse location shall be computed on basis of weight of shipment of that part of shipment stored in warehouse, subject to applicable rate as provided in tariff from point at which it was originally tendered. All accrued charges on the shipment or any part thereof shall be due and payable upon delivery of same, to the warehouse. Any subsequent movement from warehouse shall constitute a new shipment.

Rule 30 HOISTING OR LOWERING

Hoisting or lowering service will be performed only at points where carrier possesses necessary equipment and experienced personnel to perform such service. Otherwise, upon request of shipper, consignee, or owner will endeavor to arrange for qualified service, if available, at the expense of the shipper, consignee or owner of the goods. In such instances, the carrier will not be responsible for damage to shipment or property.

Rule 31 RIGGING SERVICE

When, because of the size or nature of the lading, it is necessary to utilize the services of a rigger, such service must be provided by the shipper, consignee or owner of the goods. If requested by shipper, consignee or owner, carrier will, as agent for them and at their expense, arrange for such rigging service, if available, but carrier assumes no responsibility for the activities or conduct of third persons, amount of their charges nor the quality or quantity of service furnished.

Rule 32 COMMODITY DESCRIPTION

The classification of property to which rates, rules and regulations apply to that class of property designated by the Interstate Commerce Commission in Ex Parte No. MC-19 as a commodity under the following description:

- 1. **HOUSEHOLD GOODS.** *This group includes personal effects and property used or to be used in a dwelling and similar property if the transportation of such effects or property is:*
 - a) *Arranged and paid for by the householder including transportation of property from a factory, or store when the property is purchased by the householder with intent to use in his or her dwelling, or*
 - b) *Arranged and paid for by another party.*

All property transported under the commodity description as set forth above shall be subject to the minimum weights, rates, and charges, as set forth in this tariff, or as amended.

Rule 33 **LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE**
(MADE FROM PRESS BOARD, PARTICLE BOARD AND ENGINEERED
WOOD TO ALSO INCLUDE FLOORLAMPS AND SMALL TABLES)

- a. Ready to assemble furniture is defined as meaning furniture manufactured from pressboard, particle board, engineered wood or similar materials which is shipped from the manufacturer in the knocked down "KD" or knocked down flat "KDF" condition to be assembled by the retail store, reseller or end user. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, nor the normal truck vibration, even in air-ride trailers. It is not constructed to withstand the normal stress of a move as an assembled unit. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces, but does make disassembly impossible without creating substantial, un-repairable damage.
- b. When a shipper elects to ship an article as defined above, and notwithstanding the language contained in the 'Notice' below, in no case shall the liability of the carrier exceed \$0.30 (thirty cents) per pound per article or \$50.00 (fifty dollars) per article, whichever is greater.
- c. Prior to the movement of a shipment of household goods/office furniture, the carrier shall give the shipper a notice containing the language outlined below and receive back the original signed copy.

NOTICE

**LIMITATION OF LIABILITY ON
PRESSBOARD, PARTICLE BOARD and/or
ENGINEERED WOOD FURNITURE**

Furniture manufactured from pressboard, particleboard and/or engineered wood is designed to go into a box from the manufacturer to the retailer and then to the end user unassembled. It is not constructed to withstand the normal stress of a move as an assembled unit. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, nor the normal truck vibration even in air-ride trailers. Usually chips or dents are not repairable. Surface impressions can be made on the furniture when writing on a single piece of paper. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces, but does make disassembly impossible without creating substantial, un-repairable damage.

- **Option 1** – I/we choose to disassemble all pressboard, particleboard and/or engineered wood furniture prior to the move. I/we assume all responsibility for damage to the pressboard, particleboard and/or engineered wood furniture, which may occur during the disassembly of the furniture.
- **Option 2** – I/we have engaged the services of another individual or company to disassemble all pressboard, particleboard and/or engineered wood furniture prior to the move. I/we assume all responsibility for damage, which may occur to the pressboard, particleboard and/or engineered wood furniture during the disassembly of the unit(s).

-
- **Option 3** – I/we am/are tendering furniture constructed of pressboard, particleboard and/or engineered wood furniture fully assembled as part of our move. I/we understand that any claim for damage to the pressboard, particle board and/or engineered wood furniture may be denied due to inherent vice, based upon the fact that fully assembled pressboard, particle board and/or engineered wood furniture is inherently susceptible to damage as outlined above.

Shipper, owner or consignee must select option 1, 2 or 3.

ITEM 190

FUEL COST PRICE ADJUSTMENT (SURCHARGE)

The fuel surcharge to be charged on shipments **30 miles or less** will be a **flat \$40.00 per truck per day**.

The following percentage Fuel-Related Cost Price Adjustment (Surcharge) will apply on line-haul transportation charges on shipments that are 31 miles or more and transportation charges on shipments picked up and delivered into storage-in-transit, as described below:

1. On the first Monday of each calendar month, the South Carolina average price per gallon of diesel fuel will be determined.
2. If the first Monday of the month is a federal holiday, the price will be determined based on the price available on the next subsequent business day (Tuesday).
3. The fuel price obtained will then be indexed based on the fuel price/adjustment factor matrix set forth in this item to determine the Fuel Cost Price Adjustment that will become applicable on the fifteenth (15th) day of the month. The adjustment determined will apply for shipments loaded beginning on the 15th of the month and remain in effect through the 14th day of the subsequent following month starting from the effective date of this item.

For example, if the reported price of self-service diesel fuel determined on Monday, January 5, 2009 is \$3.67 per gallon, a two (2.0%) percent Fuel Cost Price Adjustment will apply for shipments loaded as of January 15, 2009 through February 14, 2009. Then, if the reported price of diesel fuel on Monday, February 3, 2009 increases to \$3.98 per gallon, a three (3%) percent Fuel Cost Price Adjustment will apply for shipments loaded as of February 15, 2009 through March 14, 2009.

4. To determine the Fuel Cost Adjustment amount to apply, multiply the applicable line-haul transportation charges as determined in accordance with Item 300 or applicable transportation rate schedule, and the applicable pickup and delivery transportation charges on the Storage-In-Transit shipments as determined in accordance with Rule 16-4 of this tariff, by the percentage Fuel Cost Adjustment Factor. The resulting charge is in addition to all other applicable transportation charges.

For example, if the applicable line-haul transportation charge is \$1,080.00 a two (2.0%) percent Fuel Cost Adjustment Factor would be \$21.60.

When the DOE Fuel Price per Gallon reported on the first Monday of the month is:	The Fuel Cost Adjustment Factor that becomes effective on the 15th day of the same month is:
Less than \$3.15	0%
From \$3.15 to \$3.669	1.0%
From \$3.67 to \$3.969	2.0%
From \$3.97 to \$4.279	3.0%
From \$4.28 to \$4.619	4.0%
From \$4.62 to \$4.989	5.0%
From \$4.99 to \$5.389	6.0%
From \$5.39 to \$5.829	7.0%
From \$5.83 to \$6.299	8.0%
From \$6.30 to \$6.809	9.0%
From \$6.81 to \$7.359	10.0%

From \$7.36 to \$7.949	11.0%
From \$7.95 to \$8.589	12.0%

Note 1: Notwithstanding any other provisions of the tariff, the Fuel Cost Adjustment Factor WILL APPLY to transportation charges applicable on storage-in-transit shipments when such shipments are delivered to or removed from the storage-in-transit location during the period that the Fuel Cost Adjustment Factor is in effect.

Note 2: The Fuel Cost Adjustment Factor WILL BE SHOWN SEPARATELY from the line-haul revenue on carrier transportation documents for the purpose of identifying the amount as special fuel-related revenue.

Note 3: Fractions obtained in the calculation of the Fuel Cost Adjustment Factor will be disposed of as provided in Rule 21 of this tariff.

CONTRACT TERMS AND CONDITIONS

Sec. 1. (a) The carrier or party in possession of any of the property herein described shall be liable as at common law for any loss thereof or damage thereto, except as herein after provided.

(b) No carrier or party in possession of all or any of the property herein described shall be liable for any loss thereof or damage thereto or delay caused by the act of God, the public enemy, the acts of public authority, quarantine, riots, strikes, perils of navigation, the act or default of the shipper or owner, the nature of the property or defect or inherent vice therein. Except in case of negligence of the carrier or party in possession, no carrier or party in possession of all or any of the property herein described shall be liable for the loss or damage thereto or responsible for its condition, operation or functioning, whether or not such property or any part of it is packed, unpacked, or packed and unpacked by the shipper or its agent or the carrier or its agent. Except in case of negligence of the carrier or party in possession, no carrier or party in possession of all or any of the property herein described shall be liable for damage to or loss of contents of pieces of furniture, crates, bundles, cartons, boxes, barrels or other containers unless such contents are open for the carrier's inspection and then only for such articles as are specifically listed by the shipper and receipted for by the carrier or its agent.

(c) Except in case of negligence of the carrier or party in possession, the carrier or party in possession of any of the property herein described shall not be liable for delay caused by highway obstruction, or faulty or impassable highway, or lack of capacity of any highway, bridge, or ferry, or caused by breakdown or mechanical defect of vehicles or equipment.

(d) Except in case of negligence of the carrier or party in possession the carrier or party in possession shall not be liable for loss, damage, or delay occurring while the property is stopped and held or stored in transit upon request of the shipper, owner, or party entitled to make such request, whether such request was made before or after the carrier comes into possession of the property.

(e) In case of quarantine the property may be discharged at the risk and expense of the owners into quarantine depot or elsewhere, as required by quarantine regulations, or authorities, and in such case, carrier's responsibility shall cease when the property is so discharged, or property may be returned by carrier at owner's expense to shipping point earning charges both ways. Quarantine expenses of whatever nature or kind upon or in respect to property shall be borne by the owners of the property, or be a lien thereon. The carrier shall not be liable for loss or damage occasioned by fumigation or disinfection or other acts done or required by quarantine regulations or authorities even though the same may have been done by carrier's officers, agents, or employees, nor for detention, loss, or damage of any kind occasioned by quarantine or the enforcement thereof. No carrier shall be liable, except in case of negligence, for any mistake or inaccuracy in any information furnished by the carrier, its agents, or officers as to quarantine laws or regulations. The shipper shall hold the carriers harmless from any expense they may incur, or damages they may be required to pay, by reason of the introduction of the property covered by this contract into any place against the quarantine laws or regulations in effect at such place.

Sec. 2. (a) No carrier is bound to transport said property by any particular schedule, vehicle, train or vessel or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination. In all cases not prohibited by law, where a lower value than actual value has been represented in writing by the shipper or has been agreed upon in writing as the released value of the property as determined by the classification or tariffs upon which the rate is based, such lower value shall be the maximum amount to be recovered, whether or not such loss or damage occurs from negligence.

(b) As a condition precedent to recovery, claims must be filed in writing with the receiving or delivering carrier, or carrier issuing this bill of lading, or carrier in possession of the property when the loss, damage, injury or delay occurred, within 90 days after delivery of the property (or in case of export traffic, within nine months after delivery at port of export) or, in case of failure to make delivery, then within nine months after a reasonable time, for delivery has elapsed; and suits shall be instituted against any carrier only within two years and one day from the day when notice in writing is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts thereof specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, no carrier hereunder shall be liable, and such claims will not be paid.

(c) Any carrier or party liable on account of loss or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property so far as this shall not avoid the policies or contracts of insurance; provided that the carrier reimburse the claimant for the premium paid thereon.

Sec. 3. Except where such service is required as the result of carrier's negligence, all property shall be subject to necessary cooage, packing and repacking at owner's cost.

Sec. 4. (a) Property not received by the party entitled to receive it within the free time (if any) allowed by tariffs lawfully on file (such free time to be computed as therein provided) after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination, or at the time tender of delivery of the property to the party entitled to receive it or at the address given for delivery has been made, may be kept in vehicle, warehouse or place of business of the carrier, subject to the tariff charge for storage and to carrier's responsibility as warehouseman, only, or at the option of the carrier, may be removed to and stored in a warehouse at the point of delivery or at other available points, at the cost of the owner, and there event the consignee is not to be found at the address given for delivery, then in that event, notice of the placing of such goods in warehouse shall be left at the address given for delivery, or mailed to any other address given on the bill of lading for notification, showing the warehouse in which such property has been placed, subject to the provisions of this paragraph.

(b) Where non-perishable property which has been transported to destination hereunder is refused by consignee or the party entitled to receive it upon tender of delivery or said consignee or party entitled to receive it fails to receive it or claim it within 15 days after notice of arrival of the property at destination shall have been duly sent or given, the carrier may sell the same at public auction to the highest bidder, at such place as may be designated by the carrier; provided, that the carrier shall have first notified, sent, or given to the consignor notice that the property has been refused or remains unclaimed, as the case may be, and that it will be subject to sale under the terms of the bill of lading if disposition be not arranged for, and shall have published notice containing a description of the property, the name of the party to whom assigned, and the time and place of sale, once a week for two successive weeks, in a newspaper of general circulation at the place of sale or nearest place where such newspaper is published, provided that 30 days shall have elapsed before publication of notice of sale after said notice that the property was refused or remains unclaimed was mailed, sent, or given.

(c) Where perishable property which has been transported hereunder to destination is refused by consignee or party entitled to receive it, or consignee or party entitled to receive it shall fail to receive it promptly, the carrier may, in its discretion, to prevent deterioration or further deterioration, sell the same to the best advantage at private or public sale; provided, that if there be time for service of notification to the consignor or owner of the refusal of the property or the failure to receive it and request for disposition of the property, such notification shall be given, in such manner as the exercise of due diligence requires, before the property is sold.

(d) Where the procedure provided for in the two paragraphs last preceding is not possible, it is agreed that nothing contained in said paragraphs shall be construed to abridge the right of the carrier at its option to sell the property under such circumstances and in such manner as may be authorized by law.

(e) The proceeds of any sale made under this section shall be applied by the carrier to the payment of advances, tariff charges, packing, storage, and any other lawful charges and the expense of notice, advertisement, sale, and other necessary expense and of caring for and maintaining the property, if proper care of the same requires special expense; and should there be a balance, it shall be paid to the owner of the property sold hereunder.

(f) Where the carrier is directed to load property from (or render any services at) a place or places at which the consignor or his agent is not present, the property shall be at the risk of the owner before unloading.

Where the carrier is directed to unload or deliver property (or render any services) at the place or places at which the consignee or its agent is not present, the property shall be at the risk of the owner after unloading or delivery.

Sec. 5. No Carrier hereunder will carry or be liable in any way for any documents, specie, or for any articles of extraordinary value not specifically rated in the published classification or tariffs unless a special agreement to do so and a stipulated value of the articles are endorsed hereon.

Sec. 6. Explosives or dangerous goods will not be accepted for shipment. Every party whether principal or agent shipping such goods shall be liable for and indemnify the carrier against all loss or damage caused by such goods and carrier will not be liable for safe delivery of the shipment.

Sec. 7. The owner or consignee shall pay the advances tariff charges, packing and storage, if any, and all other lawful charges accruing on said property; but, except in those instances where it may lawfully be authorized to do so, no carrier shall deliver or relinquish possession at destination of the property covered by this bill of lading until all tariff rates and charges thereon have been paid. The consignor shall be liable for the advances, tariff charges, packing, storage and all other lawful charges, except that if the consignor stipulates, by signature, in the space provided for that purpose on the face of this bill of lading that the carrier shall not make delivery without requiring payment of such charges, and the carrier, contrary to such stipulation, shall make delivery without requiring such payment, the consignor (except as hereinafter provided) shall not be liable for such charges; provided, that, where the carrier has been instructed by the shipper or consignor to deliver said property to a consignee other than the shipper or consignor, such consignee shall not be legally liable for transportation charges in respect of the transportation of said property (beyond those billed against him) at the time of delivery for which he is otherwise liable) which may be found to be due after the proper property has been delivered to him, if the consignee is an agent only and has no beneficial title in said property, and, (b) prior to delivery of said property has notified the delivering carrier in writing of the fact of such agency and absence of beneficial title, and, in the case of a shipment reconsigned or diverted to a point other than that that specified in the original bill of lading, has also notified the delivering carrier in writing of the name and address of the beneficial owner of said property; and in such cases the shipper or consignor, or, in the case of a shipment so reconsigned or diverted, the beneficial owner, shall be liable for such additional charges. If the consignee has given to the carrier erroneous information as to who the beneficial owner is, such consignee shall himself be liable for such additional charges. Nothing herein shall limit the right of the carrier to require at time of shipment the prepayment of the charges. If upon inspection it is ascertained that the articles shipped are not the those described in this bill of lading, the advances or tariff charges must be paid upon the articles actually shipped.

Sec. 8. If this bill of lading is issued on the order of the shipper, or his agent, in exchange or in substitution for another bill of lading, the shipper's signature to the prior bill of lading as to the statement of value or otherwise, or election for common law or bill of lading liability, in or in connection with such prior bill of lading, shall be considered a part of this bill of lading as fully as if the same were written or made in or in connection with this bill of lading.

Sec. 9. Any alteration, addition or erasure in this bill of lading which shall be made without the special notification hereon of the agent of the carrier issuing this bill of lading shall be without effect and this bill of lading shall be enforceable according to its original tenor.
